Mujeres artistas

Flavia Frigeri

Summary

* La mujer ha sido durante mucho tiempo tratada por los artistas como objeto de representación, pero su contribución como creadora de arte es poco reconocida. * Aunque las mujeres artistas ya no están obligadas a trabajar en el anonimato ni a aceptar seudónimos masculinos, hace relativamente poco, en 1989, las Guerrilla Girls salieron a las calles de Nueva York para preguntarse si las mujeres tienen que estar desnudas para entrar en el Metropolitan Museum. * En este libro, la autora explora la vida y la obra de más de cincuenta de las más destacadas artistas femeninas de todos los ámbitos desde el siglo xv hasta la actualidad, entre ellas, Artemisia Gentileschi, Georgia O'Keeffe y Louise Bourgeois. "Un excelente estudio dedicado a artistas internacionales decisivas. Estas esenciales figuras femeninas deberían formar parte de nuestra historia del arte, y este libro es parte de esa importante revisión". Jessica Morgan, directora de Dia Art Foundation En cada apartado se brindan una sucinta explicación, obras características y una lista relevante de artistas destacados, rasgos, discipli...

Surrealismo

Amy Dempsey

Summary

* El surrealismo surgió como un movimiento literario y artístico dado a conocer por el poeta francés André Breton en 1924, con el Manifiesto surrealista. * Los artistas surrealistas ahondaron en el inconsciente y gozaron con yuxtaposiciones de raros objetos sin relación entre ellos. * Utilizaron medios de todos los tipos imaginables, desde la sorprendente taza cubierta de pieles de Meret Oppenheim hasta el jardín fantástico de Edward James, Las Pozas, en lo más profundo de la selva mexicana. Cuando murió Breton en 1966, el surrealismo se había extendido por todo el mundo y era uno de los movimientos artísticos más populares del siglo XX. "Una notable y equilibrada presentación de pinturas bien conocidas e inusuales obras de arte de todo el mundo. Una visión maravillosamente original que abre nuevas vías a la investigación". Dawn Ades En cada apartado se brindan una sucinta explicación, obras características y una lista relevante de artistas destacados, rasgos, disciplinas y colecciones. En la sección de referencia figura un glosario indispensable de términos relacionados con el mundo...

Fade to Black

Ascenso y caída del califato del ISIS

Ricardo García Vilanova

Summary

"Ricardo García Vilanova ha trabajado sin descanso durante años. Ha ido, ha visto, ha sentido, ha contado y ha regresado vivo decenas de veces. Se ha sumergido a fondo entre los grupos humanos con los que se ha relacionado y diluido en cada uno de los escenarios violentos en los que ha trabajado y ha conseguido que los protagonistas de sus historias se olviden de él. Y eso le ha permitido documentar escenas de gran tensión y emoción con gran naturalidad. " Porque las consecuencias de los desastres de las guerras de Siria, Libia e Iraq y de la descomposición de sus sociedades se pagarán durante décadas y todos nosotros nos veremos afectados por el descomunal desastre". [Gervasio Sánchez]

In the best tradition of legendary war photographers like Don McCullin and James Nachtwey, Ricardo García Vilanova places us in the middle of war and reveals its intimacies. He is among the foremost documenters of the Islamic State.

Wake up! Encienda su vida. Apague el piloto automático

Siéntase conectado. Conózcase mejor. Consiga que cada día sea único

Chris Baréz- Brown

Summary

Dado que tenemos tendencia a vivir a base de hábitos, con rutinas integradas, la mayoría de lo que hacemos son cosas que ya hemos hecho. Así, el piloto automático se convierte en el modo de existencia por defecto. Si fuésemos jugadores de tenis, estaría muy bien, pero la mayoría de nosotros no nos pasamos la vida en una pista de tenis; la vida es más compleja que eso. Por tanto, tenemos que mejorar el equilibrio entre los sistemas de nuestro cerebro. Resulta imposible cuantifi car cuál sería el equilibrio perfecto o las capacidades de la mente consciente para tomar las riendas de más actividades. No obstante, la mayoría de nosotros sabemos por instinto que si conseguimos estar un poco más despiertos y liberarnos del piloto automático cada día, viviremos de manera muy distinta.

When we do routine activities, our subconscious takes over to save energy and we shift into autopilot mode. This book presents a series of experiments designed to help you break free from this trap. From climbing a tree to writing a letter, here are a year's worth of balanced, playful experiences that will engag...

Correspondencia desde dos rincones de una habitación

Mikhail Gershenzon, Ivanov Vyacheslav

Summary

Las doce cartas que forman este brevísimo volumen se escribieron en el verano de 1920. Los corresponsales eran dos de los intelectuales más importantes de la Rusia presoviética. Debilitados por las privaciones de la guerra civil, fueron admitidos, por separado, en el Sanatorio para Trabajadores de la Ciencia y las Letras, donde se les asignó el mismo cuarto. Durante los primeros días se entregaron a largas conversaciones, pero pronto descubrieron que éstas los apartaban de su obra, por lo que decidieron continuar por escrito. El resultado fue esta correspondencia, que contiene un profundo examen del presente y el futuro de la cultura occidental. No es exagerado afirmar que el estatus de estas 'Correspondencias' en la historia cultural de occidente ha llegado a ser legendario.

The twelve letters in this volume were written in the summer of 1920 by two of pre-Soviet Russia's most important intellectuals. They shared a room at the Sanatorium for Scientific and Literary Workers but turned to writing letters as a way to remain focused on their writing.

Mediaciones

Walter Benjamin, Jenaro Talens

Summary

Mediaciones es una colección de fragmentos de Walter Benjamin cuyo objetivo es iluminar un rincón particular de su obra: aquel en el que habitan las consideraciones acerca de la representación y la mediación. En el pensamiento de Benjamin, no es en el supuesto binomio forma/contenido donde se inscriben las ideas o los problemas importantes del discurso, artístico o no, sino en el dispositivo retórico que parece servir tan sólo de soporte a aquellos. La selección de pasajes de Mediaciones no pretende ser exhaustiva pero sí significativa. De ella no sólo se desprenden apreciaciones brillantes del autor sobre los asuntos tratados. Más allá del tema concreto la propia escritura de Benjamin es, en sentido estricto y literal, teoría.

This collection of fragments from Walter Benjamin shed light on a particular area of his work, that concerned with representation and mediation. For Benjamin, it's not in the binary of form and content that important ideas or problems are inscribed, but rather in the rhetorical devices that appear to play a merely supporting role.

Contributor Bio

Cuando te golpeo

Meena Kandasamy

Summary

Seducida por la convicción política, la poesía y el sueño de compartir un hermoso proyecto vital, la anónima narradora se enamora de un profesor universitario marxista y se muda con él a una lluviosa ciudad costera del sur de la India. Pronto descubrirá que el vínculo de amor por ella imaginado es para él un contrato de propiedad que la reduce a la condición de esposa sumisa. Aquel hombre de nobilísimos ideales inicia una asalto implacable a su cuerpo y su mente para cerrarle todos los caminos y, en última instancia, negarle el derecho a una existencia propia. La literatura es el único refugio en ese infierno doméstico sostenido por la indiferencia de una sociedad que solo espera silencio y resignación. Nadie la va a salvar, solo ella puede hacerlo.

Summary

Tras una ruptura amorosa, la periodista francesa Judith Duportail se abre una cuenta en Tinder, la aplicación para ligar más popular del mundo. Con ochocientos millones de facturación en 2018, la plataforma se jacta de tener presencia en más de ciento noventa países y promover más de un millón de citas por semana entre sus más de sesenta millones de usuarios: un nuevo escenario que ha cambiado radicalmente la manera en que las personas se conocen e intiman. Tras un primer momento de euforia y subidón de ego cuando los matches —o ligues, en jerga de Tinder— se suceden uno detrás de otro, Judith descubre algo inesperado que la escandaliza y alimenta su curiosidad a partes iguales: la app dispone y guarda escondida en su servidor una «nota de deseabilidad» de cada usuario. La imposibilidad de acceder a esta nota hará que emprenda una investigación con el fin de descubrir cómo funciona realmente la aplicación, qué información privada y sensible dispone de cada usuario y qué uso hace de esta, y al mismo tiempo averiguar también cuán deseable es ella misma. Bento Power

Recetas equilibradas para fiambreras

Sara Kiyo Popowa

Summary

* Inspirada por sus raíces japonesas, la autora utiliza el principio de 5 colores, 5 sabores, 5 formas de preparación e incluye sus 5 elementos Shiso (cereales/hidratos de carbono, verduras de hoja, proteínas y ácidos grasos esenciales, frutas y verduras, aderezos), para crear recetas equilibradas. * Las recetas son vegetarianas, mayoritariamente veganas, sin lácteos y sin gluten. Bentos para el desayuno y bentos dulces, bentos en 15 minutos, bentos cotidianos y bentos de fantasía: un recetario variado e inspirador que borra de un plumazo las comidas anodinas. * Con las impresionantes fotografías y las coloristas recetas a base de vegetales, ha llegado el momento de que los bentos irrumpan en sus desayunos, almuerzos y cenas. ¡Déjese llevar por la fuerza del bento! El bento está basado en la comida cotidiana japonesa, es decir, un cuenco de arroz que se come con palillos chinos junto con bocados tomados de muchos platos pequeños, servidos en cuencos pequeños. Cartas desde la prisión

Nelson Mandela

Summary

Mandela fue condenado a cadena perpetua en 1962. Tenía 44 años y pasaría 27 entre rejas, 18 de ellos en el tristemente famoso penal de Robben Island, donde los presos eran sometidos a un trato inmisericorde. Nunca flaqueó, jamás perdió la dignidad: ni renunció a sus principios ni permitió que la sinrazón lo envileciera. Durante los 10.052 días de cautiverio escribió cientos de cartas. En ellas reclama derechos a funcionarios inclementes; insta a proseguir el combate; consuela y aconseja… Las 255 cartas aquí reunidas componen el retrato más completo del héroe que encabezó la liberación de su pueblo y del individuo entrañable que asomaba tras la figura pública, pero son también un documento que refleja como ningún otro la perspectiva humana de un episodio único en la historia contemporánea.

In 1962, Nelson Mandela was sentenced to life in prison and wrote hundreds of fiercely political letters during that time. The 255 letters collected here provide a comprehensive look at this figure and his place in contemporary history.

La religión del ateo

Joan-Carles Mèlich

Summary

La muerte de Dios es el fin del Absoluto, pero no el final de la religión. Hay otra forma de vivir, otro modo de hacer frente a las preguntas fundamentales de la vida, a los interrogantes acerca del sentido de la existencia. Es lo que Joan-Carles Mèlich ha llamado, siguiendo a Milan Kundera, la prosa. La prosa es la vida de las singularidades, de la materia no material, de los objetos que tienen su historia, de esos pequeños instantes de placer que abren las puertas al infinito. La prosa es el mundo de los encuentros casuales, de los abrazos antes de salir de viaje, de las caricias en los momentos en los que se abren las puertas del infierno. La prosa es el ámbito de la experiencia ética, la del estar-ahí, la de la respuesta a la demanda del cuerpo de alguien que sufre, la de la amistad, la de la fecundidad, la del erotismo y la del placer. Y la prosa es también la apertura a la religión del ateo, una religión contraria a lo sagrado, una religión prosaica en la que la bondad ha sustituido al Bien y en la que la compasión ha ocupado el lugar de la Justicia.

The death of God is the end ...

Tu emoción tiene razón

Primeros auxilios para entenderte con tus emociones

Raquel Ballesteros

Summary

Aprender a convivir con tus emociones mediante viñetas Muchas veces tratamos las emociones como una debilidad congénita al hecho de ser humanos. Nos sentimos mal si experimentamos miedo, rabia o incluso si mostramos demasiada alegría en determinados momentos. Procuramos racionalizarlo todo. En este libro, la psicóloga Raquel Ballesteros, nos propone contemplar las emociones como el lenguaje biológico y universal que es y entender cuál es su función cuando las experimentamos. También trata de cómo encontrar la manera de equilibrar cuerpo y mente para poder integrar la reflexión más intelectual con la emoción física. Gracias al planteamiento en viñetas, la autora aborda la gestión emocional de manera directa, fresca y muy intuitiva, como ya hizo en ¡Camarero, este café está frío!

Piedras y minerales curativos

Conozca las piedras y cuarzos que transforman su energía mental y anímica

Blanca Herp, Jaume Roselló, Laura Torres

Summary

El poder curativo de las piedras y minerales actúa de manera directa sobre el cuerpo humano. Cuando se aplican piedras o cristales, actúan primero sobre el cuerpo etérico y posteriormente el cuerpo físico experimenta su efecto. En este libro se expone de manera práctica el procedimiento a seguir para tratar por medio de los cristales algunos de los trastornos más comunes, tanto físicos como emocionales o espirituales, asociados por regla general con los hábitos y la concepción de la vida que imperan en las sociedades contemporáneas. De acuerdo con la visión holística, partimos de la base de que la mayoría de los trastornos -por no decir todo- provienen de un desequilibrio del flujo energético en alguno de los niveles del ser, por lo que la terapia con cristales irá siempre encaminada a restablecer dicho equilibrio.

Kurt Cobain

El ángel errático

Barnaby Legg, Jim McCarthy

Summary

Esta novela gráfica narra de forma magistral la historia de este famoso cantante. Un recorrido que abarca desde los agradables comienzos de una infancia idílica, hasta la profunda oscuridad de su trágico final. Esta novela gráfica constituye mucho más que una simple biografía, es algo que no se parece en nada a lo que haya podido leerse anteriormente sobre la vida de Kurt Cobain. La narración recurre tanto a la torturada imagen que de sí mismo tenía la popular estrella del rock, como a los acontecimientos puros y duros de su vida, consiguiendo que el tono narrativo oscile entre la ensoñación subjetiva del protagonista y la objetividad dramática de la realidad.

This graphic novel is a masterful retelling of the life of Kurt Cobain from his idyllic childhood to his tragic death. It's more than a mere biography; it explores the singer's interior life and offers an uncensored look at events in his life.

Sumar

Diamela Eltit

Summary

Sumar relata una marcha, que parece interminable, eterna, de vendedores ambulantes que avanzan por la ciudad y la Historia hacia «la moneda» (con minúsculas, jugando con la relación entre el centro de poder, el Palacio de La Moneda, y esa «monedita» que piden algunas voces). En esta exigente novela conviven el lenguaje popular y el lenguaje culto: ambas formas confluyen para dar tensión al texto. Incluso tensión política. Los nombres de algunos de los personajes principales remiten a distintos luchadores y obreros del Chile de principios del siglo xx, y el carácter asambleario del relato nos recuerda algunas prácticas necesarias no tan lejanas en el tiempo. Carentes de esperanzas, los trabajadores del mundo repiten a diario la tragedia de la explotación capitalista. Este usufructo de toda capacidad humana se intensifica cuando el sujeto es su propio explotador; tal es el caso de los vendedores ambulantes, quienes toman la palabra en Sumar para reunirse con otros ciudadanos vejados por un orden estatal que parece divino y comenzar su marcha.

Day after day, the workers of the world play...

La declaración de George Silverman

Charles Dickens

Summary

Nadie podrá dejar de amar y compadecer a George Silverman una vez conozca su historia, la que narra esta fascinante novela corta, una de las menos conocidas pero más bellas de su autor, el gran novelista británico del siglo XIX. George es pobre y siempre tiene hambre; ha pasado su corta existencia en un lúgubre sótano; sus padres acaban de morir… Pero, por fin, va a salir al exterior; a una vida más pura, como insinúa cínicamente su nuevo tutor, el Hermano Hawkyard, uno de esos personajes dickensianos tan inolvidables como retorcidos. En el «exterior» conocerá otras formas de desconsuelo, pero también el amor.

No one could help but love and pity George Silverman once they hear his story, written by the preeminent British novelist of the nineteenth century. George is poor, wretched, and lives in a basement—until he finally heads outside. There he discovers other forms of despair, but he also discovers love.

Hiere, negra espina

Claude Louis-Combet

Summary

«Hiere, negra espina.» Ésas fueron las palabras que el poeta Georg Trakl hizo pronunciar a su hermana Gretl en un famoso poema escrito poco antes de la batalla de Grodek, durante la Primera Guerra Mundial. El eco de esa dramática belleza puebla este libro intenso y emocionante, que va mucho más allá de las relaciones incestuosas entre hermano y hermana: estas páginas son ante todo una apuesta por el lenguaje. Y por cómo éste se enfrenta a la vida, al amor y a la muerte. La primera imagen que cifra esta novela, a la vez delicada y terrible, poderosa, es la del hermano y la hermana que, de niños, tocan juntos el piano y comparten lecturas... El gran poeta alemán que la protagoniza, heredero de su admirado Hölderlin, fue calificado también de loco, como su maestro. En realidad, fue llamado bohemio, vicioso, sátiro, alcohólico y drogadicto, y se dijo que de él «sólo brotan la melancolía y el estertor que antecede a la muerte». Pero de Trakl brotó asimismo una de las grandes obras poéticas del siglo XX.

The dramatic beauty of this intense and exciting book goes far beyond the incestuous re...

El Efecto Tarantino

Su cine y la cultura pop

Mauricio Bach, Jordi Picatoste Verdejo

Summary

Cuando Quentin Tarantino presentó en 1992 su película Reservoir Dogs en el festival de Sundance fue saludada por la crítica como «la mejor película independiente de todos los tiempos». Con sus poste¬riores trabajos ha sabido poner al alcance de los espectadores –digiriéndolas, transformándolas– una cantidad de películas que habían quedado relegadas en los sótanos de las productoras o en las cune¬tas de la memoria. Tarantino ha sido capaz de absorber influencias y subgéneros muy diversos (spa¬ghetti western, giallo, macaroni combat, poliziesco, fantaterror español, películas de artes marciales, rape and revenge, etc.) para crear después un producto nuevo muy atractivo para el espectador.

When Quentin Tarantino presented Reservoir Dogs at Sundance in 1992, critics called it the best indie movie of all times. Throughout his career, Quentin has been able to absorb influences and subgenres—like spaghetti westerns or kung-fu movies—to create something new and hugely captivating for viewers.

El ángel del olvido

Maja Haderlap

Summary

Austria, casi en la frontera con Yugoslavia. Arroyos, valles, prados… Un mundo rural, campesino, que se expresa en esloveno y apenas se defiende en alemán. La voz de una niña, una joven, una mujer (el tiempo pasa por estas fascinantes páginas) nos habla de un modo estremecedor pero también poético y familiar. Un padre y un abuelo partisanos que luchan contra los nazis, una abuela que es arrestada y sobrevive (aunque la marcará para siempre) al campo de concentración de Ravensbrück, una madre solitaria que huye de la realidad en su pequeño ciclomotor… Bosques, vacas, gallinas. Héroes anónimos, delatores, fronteras. Pocas veces se ha contado la vida y la muerte como aquí: con tanta capacidad de evocación y tanta lucidez. Con tanto humor y tanto respeto. ¿Qué hace la Historia en mayúsculas con la vida de la gente minúscula? Malgastada la palabra ética en otros ámbitos, aquí esa palabra confiere al texto un poder admirable: literatura llamada a perdurar.

Animales célebres

Michel Pastoureau

Summary

¿Qué tienen en común el caballo de Troya y los jabalíes de Obélix, la famosa loba romana y el monstruo del lago Ness? ¿Qué sabemos realmente de los animales de la Biblia (la serpiente del pecado original), la mitología (el Minotauro) y los cómics (Mickey, Donald…)? Gracias a su cordial erudición, el gran historiador Michel Pastoureau nos deleita, como en un diálogo que no quisiéramos abandonar nunca, con tradiciones, leyendas y sucesos reales. Emocionante y ameno, con un lenguaje que nos hace «cómplices» de lo que se nos está contando, éste es uno de esos libros que no puedes dejar de recomendar en cuanto lo acabas. No tiene, además, la ambición de ser una historia general de los animales, sino una historia muy particular, rica en anécdotas y que suscita fértiles conversaciones. Los elefantes del cartaginés Aníbal, el rinoceronte de Durero, Milú (el fox terrier amigo de Tintín)… Incluso Dolly, la oveja clonada.

What do the Trojan horse, Obelix boars, the famous Capitoline wolf, and the Loch Ness Monster have in common? What do we really know about animals in the Bible, ancient mytholo...

Como si un ángel

Hackl Erich

Summary

Todo lo que se cuenta en estas páginas sucedió así. Todos los nombres propios son reales. No hay ficciones en esta extraordinaria y conmovedora narración, historia con minúsculas dentro de la Historia con mayúsculas. 8 de abril de 1977 en Mendoza, una tranquila ciudad argentina al pie de los Andes. Es el último día de vida de Gisela Tenenbaum, de veintidós años, descendiente de judíos austríacos emigrados a América a causa del nazismo. Gisela, Gisi, es buena estudiante y deportista, hermana e hija ejemplar, militante contra las injusticias que asolan su país, cifradas en parte en el golpe de estado de 1976… En un texto prodigioso, sin maniqueísmo alguno, Erich Hackl reconstruye su vida y sus últimos días; y deja que el futuro asome de cuando en cuando para dar voz a los silenciados. «No bien salen del edificio advierten un comando paramilitar que se dispone a acordonar la calle: hombres vestidos de civil pero armados, en tres o cuatro vehículos, furgonetas, autos Ford Falcon. La penumbra que hemos atravesado

Lalla Romano

Summary

¿Qué se nos narra en estas páginas que, desde el título, citan a Marcel Proust y su «tiempo recobrado»? Una escritora madura vuelve a los lugares de su infancia, recreados en los detalles escondidos en cada piedra, detrás de cada puerta, a la sombra de los pórticos, en los olores que lleva el viento… Cuando era niña, la escritora pasó los primeros años de su vida observando las maravillas de la montaña, imaginando cómo eran sus padres realmente y qué hacían antes de que ella y su hermana pequeña vinieran al mundo. El padre, a principios del siglo XX, era fotógrafo aficionado; la madre, mucho más joven que él, parecía algo apartada de todo, aunque era lo suficientemente sociable… y muy elegante. Con una sabiduría llena de encanto, Lalla Romano nos ofrece en este texto suyo de 1964 una obra bellísima y exacta, con páginas nunca demasiado melancólicas ni demasiado dolorosas que rastrean la felicidad perdida. La dicha, parece decirnos la autora, se encuentra en los pliegues del tiempo, en esos desplazamientos que a veces se crean entre el pasado y el presente. Toda la novela está impregn...

Batman

Dentro de la Batcueva

Doc Pastor

Summary

Creado por Bob Kane y Bill Finger, su legado se ha extendido a múltiples interpretaciones sin perder un ápice de su esencia original. Tras las viñetas del cómic, saltó a la pequeña pantalla en forma de series de televisión. De ahí al cine y los videojuegos había un paso. El mito del Caballero Oscuro se ha reinventado numerosas veces, nutriéndose y evolucionando con el paso del tiempo y desarrollando una iconografía muy personal que recorre todo este libro. Como señala Carlos Gallego en el epílogo: "Pastor, sin perderse en términos complejos, explica de forma clara y sencilla todos los entresijos de Batman, cómo surgió la idea del personaje y quiénes fueron los verdaderos creadores del mito (…) Conocerás quiénes son sus aliados, sus orígenes y primeras apariciones".

Created by Bob Kane and Bill Finger, the myth of the Dark Knight has transitioned from comic strips to the small screen, cinema, and video games without losing any of its original essence. But it's been reinvented many times, growing and changing with the passage of time and developing a unique sense of iconography.

La novela de la Costa Azul

Giuseppe Scaraffia

Summary

Ésta es la fascinante historia de un lugar mítico y de los más de cien personajes legendarios que vivieron en él durante algún tiempo. De Antón Chéjov a Stefan Zweig, de Scott y Zelda Fitzgerald a Coco Chanel; pasando por Guy de Maupassant, Friedrich Nietzsche, Pablo Picasso, Alma Mahler, Aldous Huxley, Katherine Mansfield, Walter Benjamin, Anaïs Nin, Somerset Maugham o Vladimir Nabokov, entre muchos otros. Durante siglos, la Costa Azul no fue más que una costa cualquiera, un lugar donde embarcarse o desembarcar. De hecho, a finales del siglo XVIII, los ingleses residentes en Niza eran sólo cincuenta y siete. Sin embargo, ya a principios del XX, Jean Lorrain escribía lo siguiente: «Todos los chalados del mundo se dan cita aquí… Vienen de Rusia, de América, del África austral. Menudo ramillete de príncipes y princesas, marqueses y duques, verdaderos o falsos… Reyes con hambre y exreinas sin un duro… Los matrimonios prohibidos, las examantes de los emperadores, todo el catálogo disponible de exfavoritas, de crupieres casados con millonarias americanas… Todos, todos están aquí». Iluminada

Mary Karr

Summary

¿Es posible reírse a carcajadas mientras lees un libro que trata sobre el Amor, el Alcoholismo, la Depresión, el Matrimonio, la Maternidad y… Dios? Por supuesto. Iluminada es un buen ejemplo, el mejor ejemplo. Pocas memorias (con el ritmo de una gran novela) están a la altura de estas páginas. La joven que pasó su dura infancia en Texas, en el seno de una familia mucho más que «peculiar», vive durante su primera madurez un infierno del que quizá sólo puedan salvarla, además de la literatura y la fe, la ayuda de otros que pasaron antes por lo mismo que ella; sin olvidar el amor por su hijo, algo que la inunda al mismo tiempo que la confunde, como a tantísimas madres. Iluminada está escrito con la implacable honestidad de Mary Karr, que se analiza a sí misma sin escrúpulos y con un humor irreverente; y nos habla de ello sin pelos en la lengua, sin sentido del ridículo, y con una prosa visceral que tiene un grandísimo poder de seducción. Iluminada es un libro apasionante e inclasificable sobre cómo crecer y cómo encontrar nuestro lugar en el mundo. Hay en él pasajes divertidísimos y pas...

Shaun Bythell

Summary

Shaun Bythell regenta The Bookshop, la librería de viejo más grande de Escocia. Contiene 100.000 volúmenes, dos kilómetros de estanterías, pasillos laberínticos y acogedoras chimeneas, todo ello en un hermoso pueblo situado a orillas del mar. ¿El paraíso de un bibliófilo, verdad? Bueno, no exactamente… «Cuando compré The Bookshop en 2001 tenía una vaga idea sobre el funcionamiento de una librería. Ninguna de mis expectativas se cumplió. A diario me sorprenden las preguntas que formulan los clientes. Por la tienda desfila el más amplio espectro de la especie humana: unos regatean, otros recomiendan libros; unos son espectacularmente groseros, otros te cuentan su vida o quieren conocer la tuya… En este diario se narran algunos de los encuentros más memorables.»

The Bookshop, Scotland's largest used bookstore, has 100,000 volumes and should be a book-lover's paradise. But when Shaun Bythell bought it in 2001, he was unprepared for the variety of quirky customers he would encounter. In this book, he shares some of his most memorable encounters.

Shaun Bythell has been the owner of The Bookshop in Wigtown, Scotland, since 2001.

Cured

Laurence Tolhurst

Summary

Siendo como fueron dos de los primeros punks en la muy inglesa y provinciana ciudad de Crawley, Lol Tolhurst y Robert Smith no lo tuvieron fácil. Por su condición de forasteros, la suya fue una amistad basada inicialmente en la proximidad y en su compartida pasión por la música, pero concretamente por el punk que hervía en Londres y por otras iniciativas artísiticas que entroncaban con ese movimiento rupturista. Atendiendo al principio al nombre de The Easy Cure, comenzaron a tocar en pubs y pronto desarrollaron un estilo y enfoque propios para componer canciones, que cristalizarían, con el tiempo, en canciones atemporales que despertaron un profundo sentido de identificación y empatía en los oyentes.

As some of the first punks in the provincial English town of Crawley, Lol Tolhurst and Robert Smith didn't have it easy. They bonded over a mutual love for music and became The Easy Cure—later shortened to The Cure—, a band whose songs would inspire a deep sense of identification and empathy in listeners.

Lol Tolhurst is a native of Horley, Surrey, and is a founding member of the Cure as its drummer, keyboardist, and songwriter.

Una historia del mundo

Andrew Marr

Summary

El entendimiento de la historia mundial está cambiando. La antigua visión eurocentrista se ha ido transformado progresivamente y ha dado paso a un discurso inclusivo donde América, África y Asia juegan su papel y dejan de estar aisladas de los grandes acontecimientos históricos. Por ejemplo: recientemente se ha desvelado que la liberación de los siervos en Rusia, contemporánea de la Guerra Civil Americana, fue el detonante de la abolición de la esclavitud en los Estados Unidos. "Una historia del mundo" es un libro sobre los impulsores de los grandes cambios históricos, personajes como Cleopatra, Gengis Kan, Galileo o Mao, pero también sobre nosotros mismos.

Our understanding of world history is changing; the old Eurocentric vision is gradually transforming into an inclusive discourse in which the Americas, Africa, and Asia are no longer seen as isolated from major historical events. For example, it has recently been argued that the liberation of serfs in Russia, contemporary with the American Civil War, was the catalyst for the abolition of slavery in the United States.

Quisiera dar un gran rodeo

Henry Miller

Summary

Estas cartas con Michael Fraenkel con Hamlet como excusa, escritas entre 1935 y 1938, constituyen uno de los destellos de inteligencia más deslumbrantes del autor de 'Sexus'. Como resalta Michael Hargraves en el prólogo «La belleza del libro no radica en el examen de Hamlet (si bien estoy seguro de que un erudito shakespeareano podría disfrutar enormemente con el libro), sino en la forma como los autores se van por las ramas para revelarse. Esas desviaciones son las que les permiten fluir, lanzarse a debates sobre muchas cosas caras a su corazón y sobre el mundo en general» y «contiene algunas de las páginas mejores de Miller, algunos de sus pensamientos más libres [...] publicados e imbuidos del estilo sarcástico y maravillosamente vulgar del Miller que yo ya había leído.»

These letters between Henry Miller and Michael Fraenkel, written between 1935 and 1938, are relevant less for their analysis of Hamlet than for the way the authors set their thoughts free on the page. They debated topics that were near to them and discussed the world in general in what is considered some of Miller'...

Bearn o la sala de las muñecas

Llorenç Villalonga

Summary

Considerada como una de las obras maestras de la literatura catalana, "Bearn o la sala de las muñecas" fue publicada originalmente en castellano, en 1956. Villalonga decidió traducirla al catalán quizás para alejarla lo más posible del realismo social que dominaba a la literatura española de aquellos momentos. Sea como sea, recuperar la edición original de esta novela extraordinaria supone reconocerle el valor que sus contemporáneos no supieron darle.

Considered a masterpiece of Catalan literature, this book was originally published in Spanish in 1956. Villalonga decided to translated it into Catalan, perhaps to distance it from the social realism that dominated Spanish literature in the 1950s. Now, in its original version, it's now receiving the recognition that its contemporaries failed to give it.

El porqué del color rojo

Francisco Bescós

Summary

Comienza la vendimia en La Rioja Baja. Los tractores invaden las carreteras y las cuadrillas de temporeros, llegadas de todas partes, se afanan en la recolección de la uva. Al amanecer, una llamada anónima avisa al cuartel de la Guardia Civil de Calahorra: el cadáver de un joven ha aparecido abandonado en un viñedo cercano a Aldeanueva de Ebro. Todo hace pensar que se trata de un temporero ilegal procedente de Europa del Este, forzado a trabajar por una mafia. La teniente Lucía Utrera, alias la Grande, comienza investigando el caso como un asunto de poco calado con la única ayuda de un equipo de guardias inexpertos y un sacerdote con problemas para controlar su ira.

El malestar en la cultura

Sigmund Freud

Summary

Este científico humanista se había interesado, desde el inicio de su carrera, en el conflicto psíquico entendido como enfrentamiento de las necesidades pulsionales del individuo con las exigencias a menudo desorbitadas de la sociedad, así como en el problema del destino de la cultura, contemplada como la proyección en la humanidad del problemático desarrollo psicológico individual. Esta obra nos presenta en esencia un único problema al que se le pueden dar diferentes nombres. Es el problema de la agresión y la culpabilidad, problema psicológico y sociológico, pero también político. Es el problema del mal, si nos queremos ir a lo metafísico. O incluso del pecado, si nos obstinamos en utilizar el tradicional lenguaje religioso.

From the beginning of his career, Sigmund Freud took an interest in the psychic conflict understood as a confrontation between individual needs with the frequently exorbitant needs of society. This book presents the unique problem of evil, of aggression and guilt, or even sin, to name it using traditional religious language.

Contributor Bio

Victòria Tubau

Pepi Gal nació y creció en la isla de La Pamela. Por eso el día que ella llegó, con su pelo castaño, sus ojos negros, la nariz respingona y las piernas y los brazos proporcionados, todos lloraron de pena. Una niña tan fea y rara solo podía estar destinada a viajar y ver mundo.

Cuando te dispongas a leer la Agenda oculta, limpia tu mente, retira todos los elementos mágicos que tengas alrededor (barajas, monedas, etc.) y lee exento de prejuicios técnicos, teóricos o morales. Deja que las palabras leídas atraviesen tu mente sin posarse en ella. No te esfuerces en ese sentido. En algún momento algo se conectará. Lo sabrás enseguida. Si consultas la Agenda oculta con un juego en tu mente, procura no cargar esa imagen con preconcepciones. Al limpiar tu mente y darle tiempo a que se remanse facilitarás la cualidad catalizadora de la lectura. En tu relación con la Agenda oculta puedes vivir diferentes experiencias: Cada entrada es una oportunidad de imaginar lo que de otro modo ni siquiera se te hubiera pasado por la cabeza. Basta acercarse a ella para que empiecen a «pasar cosas». Es prácticamente inevitable. También puede ocurrir que con alguna entrada no salte la «chispa». No importa. Tanto la Agenda secreta como la Agenda oculta son libros mágicos (nunca mejor dicho) que se renuevan a sí mismos con cada lectura. Te permitirán viajar al pasado rescatando recuer...

El pirata Pat Trax

María Margarita Londoño

Summary

Pat Trax era un pirata muy raro, sin una pata de palo ni parche en el ojo malo. Pero tenía un galeón pirata y una lora que hablaba en japonés. Y un secreto, trenzado de olas, algas, pulpos, ballenas, tesoros y amigos de mar adentro. Y un sueño, también: surcar los siete mares aunque no tuviera barba roja ni fuera el terror de nadie. ¿Al abordaje? Pat Trax no era tan tremendo, se contentaba con ver ondear al viento su bandera de libertad multicolor.

Pat Trax was a very strange pirate with a pirate ship and a parrot that spoke Japanese. But he also had a secret wrapped up in the ocean's waves, algae, octopus, whales, and treasures. He also had a dream to cross the seven seas—even though he lacked a red beard, eye patch, and wooden leg, and didn't inspire much fear in anyone. He was content to watch his multicolored freedom flag wave in the wind.

La trilogía Roberto Light contiene los típicos juegos que engañan no solo al público profano, sino sobre todo, al mago profesional, empeñado en encontrar métodos y sistemas complicados. Y es que estos efectos funcionan. Así de simple. Y así de claro. Y es por eso que, si hay libros de magia que animan al buen aficionado, estas tres obras se llevan la palma. Una trilogía repleta de efectos sorprendentes basados en los repertorios de los mejores magos actuales, que Roberto Giobbi ha escogido por su sencillez manipulativa y su gran efecto mágico. Corta la baraja

Juan Francisco Bonilla, Martin Gardner

Summary

Edición limitada de 1940 «Confía en Dios, jovencito, pero corta siempre la baraja». Antiguo proverbio irlandés La cartomagia tiene con Martin Gardner una deuda muy superior de lo que la mayoría de los magos son conscientes. En Corta la baraja encontrarás diecisiete efectos originales y tremendamente prácticos; algunos con una construcción exquisita, y muchos con técnicas e ideas muy valiosas. Juegos que han pasado a formar parte de los repertorios habituales de los cartomagos, aunque otros yacen todavía escondidos y merecen ser redescubiertos. Jim Steinmeyer

While some of the card tricks in this book are repertoire standards, some of them have fallen into obscurity. All seventeen of them are original, highly practical, and exquisitely carried out.

Unas personas

Jairo Buitrago, Manuel Monroy

Summary

Con textos que funcionan como telescopios hecho de palabras Jairo Buitrago nos invita a ver de cerca a trece personajes de la ciudad: un niño que heredaba la ropa de sus hermanos, un señor que habló una vez sobre "Moby Dick" con una chica que no volvió a ver, una señora que llevaba a su pato al cine… ¿Será que tras estas instantáneas un poco melancólicas, un poco surrealistas, se ocultan relaciones insospechadas trazadas por la mano magistral de Manuel Monroy? Un libro dulce y lleno de atmósferas que invita a ejercitar la observación y la empatía y que guarda una entrañable sorpresa final.

With texts that work as telescopes, Jairo Buitrago invites us to look closely at thirteen characters from the city: a boy who inherited his brothers' clothes, a man who once spoke about "Moby Dick" with a girl he never saw again, a lady who took her duck to the movies ... Could it be that behind these snapshots is a little melancholy, a little surrealism? This sweet story invites the reader to exercise observation and empathy, leading to a lovely surprise.

Las cuatro nobles verdades

Una guía para la vida cotidiana

Lama Zopa Rimpoché

Summary

De una manera sencilla, amena y directa, el reconocido Lama Zopa ilumina las profundas nobles verdades proclamadas por el Buda. Comenzando con una brillante explicación de la naturaleza de la mente y su rol en la creación de la felicidad que todos buscamos, Lama Zopa Rimpoché ofrece un análisis incisivo de las famosas Cuatro Nobles Verdades: • La primera verdad enseña que sufrimos porque estamos en la existencia cíclica, o samsara, el ciclo sin principio de muerte y renacimiento. • La segunda verdad enseña que hay una causa detrás de nuestro sufrimiento (los engaños y el karma que surgen de la ignorancia, que nos impide ver de qué modo existen las cosas). • Debido a que existe una causa y a que podemos realizar la vacuidad (antídoto de la ignorancia), somos capaces de actualizar la tercera verdad, la cesación del sufrimiento. • La cuarta verdad traza el camino hacia el fin del sufrimiento.

The Buddha's four noble truths regarding the nature, the cause, and the path to the cessation of pain are illuminated simply and directly in this insightful analysis by celebrated Buddhist teacher ...

Ellas lo pensaron antes

Filósofas excluidas de la memoria

María Luisa Femenías

Summary

Las mujeres desafiaron la condición de "inferiores", "incapaces" o "dependientes" a que las destinaba su esencia femenina. Eligieron la literatura, la ciencia y la filosofía para expresarse. Incluso, en los períodos más adversos por la censura pública, algunas de ellas teorizaron en diarios íntimos o epístolas. Muchas veces se les prohibió el uso de la palabra y de la pluma, o simplemente fueron asesinadas por proseguir sus investigaciones. Durante largos períodos, no les fue permitido firmar con nombre propio sus textos, para no deshonrar a sus familias, figurando su obra como de "autor anónimo". Superada la etapa de anonimato forzado, la mayoría firmaba con su inicial y su apellido paterno o marital, o un seudónimo masculino, desdibujándose así su autoría. Lo cierto es que la mayoría de las filósofas tuvo que esperar hasta el siglo XX para que sus obras fueran rescatadas del anonimato. Las mujeres llevaron a cabo un debate interesante respecto de la no-sexuación del alma. Desde la Antigüedad, la mayoría de los filósofos varones sostuvo una concepción dualista del ser humano, es dec...

El camino del bienestar

Fabián J. Ciarlotti

Summary

El camino del bienestar es un breve pensamiento, un aforismo, una máxima, una sentencia… un sutra. Un sutra surge como una gran verdad que, cuando resuena en nosotros, nos sensibiliza y emociona. Basta con leerlo lentamente para descubrir su gran poder. Con el mismo espíritu de Ser feliz es una decisión, cada uno de los 9 capítulos de este libro cuenta con su introducción seguida por 9 sutras, lo que completa un total de 81. El número 1, símbolo de la individualidad, abre la serie de los dígitos simples, y el 9, símbolo de la universalidad, la cierra, siendo estos extremos opuestos y, a la vez, aledaños. Todo vuelve. Y lo que nos espera es el camino del bienestar.

Informed by the teachings of Ayurveda, this short but powerful companion on the path to well-being is divided into nine chapters consisting of an introduction followed by nine sutras. That makes up for a total of 81 sutras revealing profound truths that have the power to resonate with and readers.

El peso natural

Cómo eliminar el sobrepeso y alimentarse de forma natural y consciente

Montse Bradford

Summary

A complete program to understand and transform your weight. Why do I gain more weight than other people? What foods make me gain weight? Why doesn't any diet work for me? It is time to consider a new approach: understand what effect the food we eat has on us. As Hippocrates told us "Let food be your medicine and your medicine be your food." Each food has an effect, an energy, a reaction in us. If we eat food with a cumulative, retention effect, we will become overweight. This work will teach you in an easy, coherent and common-sense way, to listen to your body's messages, to understand its energetic dynamics and to find the balance you need to achieve your natural weight.

Contributor Bio

Montse Bradford combines writing with the teaching of nutrition and holistic health. He is a therapist of transpersonal psychology and the art of vibrational healing. He gives talks, training courses and conferences throughout Spain, Europe and South America.

Infidelidad

Nuevas miradas para un viejo problema

Demian Bucay

Summary

They say we are all vulnerable to being cheated. Culturally we see infidelity at the same time as something almost inevitable, and as the worst betrayal that can be committed against a partner. But are all forms of infidelity the same? Is it such a serious act that it should always lead to the dissolution of the family? In this deep, revealing and provocative book the psychotherapist Demián Bucay crumbles infidelity in the modern world. The result is an invitation to look at it in its proper measure: neither as an insignificant game and without any consequence, nor as the transgression that in all cases should lead to definitive separation, but as a challenge that each couple must examine, weigh and solve according to your reality of life.

Contributor Bio

Demian Bucay is a psychiatrist and therapist. He studied medicine at the University of Buenos Aires and earned a doctorate in Gestalt Therapy. Today he provides therapy for individuals and couples.
