Mujeres que cambiaron el mundo

Ariela Kreimer

Summary

Discover several inspiring biographies of women who fought to make the world a better place. From Rosa Parks to Eva Peron, and from Mother Theresa to Sor Juana Ines, the lives of the historical women included in these mini biographies all set an example of how to overcome prejudice through their work with the community, achievement in the arts, scientific discoveries, or political movements. This book is a perfect complement to a social science class for teaching early readers. It takes a positive approach to the contribution of women to the progress of humanity.

Contributor Bio

Ariela Kreimer is a renowned children's book author. She contributes to the weekly magazine *Billiken*, and she has authored and co-authored many nonfiction books in the past 15 years.

Radical

Ricardo Semler

Summary

Is it possible to have a business in which all employees can establish their own working hours and salary, know all the financial information of the company, and participate in every step of the decision-making process? In this impressive and revolutionary book, Ricardo Semler offers hope to his readers that there is a more humane way of doing business which is beneficial for everyone. He outlines step by step how he transformed the rigid structure of his father's company to one in which all of his employees are autonomous and capable of managing themselves. This book is a source of inspiration to any person who wants to run an extraordinary business.

Contributor Bio

Ricardo Semler is the general director and majority owner of SEMCO partners. After inheriting the company from his father when he was only 20-years-old, he revolutionized the management system to such success that business heads from companies such as IBM, General Motors, and Nestle made the pilgrimage to see his methods firsthand. Semler was named one of *Time Magazine's* 100 most influential young leaders worldwide, and the *Wall Street Journal* named him the South American businessman of the year.

Piense y hágase rico

Napoleon Hill

Summary

When Napoleon Hill was a young investigative reporter for a business magazine, he was sent to interview the richest man of his time: Andrew Carnegie. During that interview, Carnegie let a comment slip about a 'master power' that he alone uses and that was the foundation for his success and immense wealth. That part of the interview was never published in the magazine, but Napoleon Hill began working on an investigation that was prolonged for more than 25 years studying more than 500 people who had found the most success of the era.

Contributor Bio

Napoleon Hill began his writing career at 13 years old as a reporter for small, local newspapers, and with time, he became one of the most important motivational author in the US. His book *Piense y hágase rico* is an international bestseller.

Eres aquello que crees

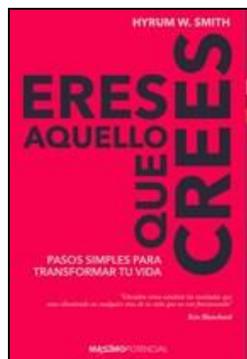

Hyrum W. Smith

Summary

When life doesn't go as planned, feelings of depression, frustration, and anxiety can come as a result. This book offers two things of great value for a person who would like some relief from their emotional strain. First, the author presents a simple model for finding the root of the negative thoughts and then, secondly, describes the process of modifying those thoughts. Illustrated with both humorous anecdotes and powerful experiences in a juvenile institution, *Eres aquello que crees* is a powerful tool for learning to turn problems into opportunities for growth and positive change.
