RUBY THE RAMBUNCTIOUS

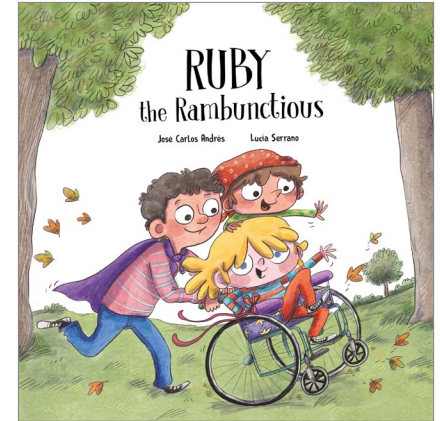

José Carlos Andrés · Lucía Serrano

diversity

Ruby falls down all the time. When she runs, she falls; when she dances, she falls; when she picks something up, she often drops it. Everyone thinks she's a bit clumsy, even herself! When the doctor tells her parents she has weak muscles, Ruby is relieved; she is not clumsy after all. She needs a wheelchair.

However, the attitude of her parents changes. They never tell her off like they do with her two siblings, no matter what mischief she gets up to. She wants to be like the rest and she doesn't see any difference. How will she manage to be treated like everyone else?

Take a look at Ruby! What would you say is her defining characteristic? Well, it's that she's the naughtiest of her siblings, of course!
